

HOSPICE OF HOPE MEMORY BEAR

WORKSHOP

This free memory bear workshop will provide you with the opportunity to make a bear out of an article of clothing that belonged to your loved one. The memory bear will be special to you as it will be made from a favorite t-shirt, uniform, blanket, or even a gown. Use your imagination!

Making a bear will give you the opportunity to use your loved one's clothing and create a tangible memory, rather than just an emotional or mental memory. Find a meaningful piece of fabric and turn it into a keepsake with the help of our staff and in the care of our trained bereavement professionals. This can serve as a keepsake for yourself or for other family members as a gift from you.

YOU WILL NEED:

Your favorite article of clothing and a spool of thread to match your fabric.

All other supplies will be provided.

A light lunch will be served.

This workshop is free and open to the community.
